GEO. D. MITCHELL, — EDITOR.

THE latest query for Southern Kentucky is, "Have you struck oil yet?"

HAVE you met the man who wanted to know if it "was cold enough for you?"

THERE are a lot of "Schley" days in this country now, as well as Schley people.

Rev. T. N. Arnold, in opening the House session at Frankfort prayed for a new Capitol building.

A BILL is pending in the Legislature to make it unlawful to make, buy, sell, borrow or import into the State, a cigarette of any kind.

WIRELESS telegraphy may be a commercial success, but in an affair of the heart, it is serviceable only in the preliminaries.—Louisville Post.

AN amendment in the election law provides for printing the ballots without any party name or device and thus requiring the voter to be able to read his ballot and to know where to put his mark.

A CHICAGO literary prodigy, Miss Eudora D. Metcalf, "composes and writes poems, novels and magazine articles in her sleep." Her muse, like a famous proprietary article, "works while she sleeps," so to speak.

ONE of the trades that has been a vast development during the past two years is that of flower raising. It is now estimated that there is fully \$60,000,000 invested in the business in the country, with a constantly increasing trade.

REPRESENTATIVE RIGDON, of Germantown, has introduced a bill giving fair associations police jurisdiction a half mile from fair grounds during the progress of fairs. Also a bill making unlawful association of whites and blacks a felony.

JUDGE JAMES E. CANTRILL will not be a candidate for the Appellate bench, but will run for the office of Circuit Judge again. He has made no formal announcement, but this statement comes from persons in a position to know his intentions.

REPRESENTATIVE BLAKENEY, of Maryland, introduced a bill limiting the price of sleeping-car tickets on interstate railway lines. The rates fixed are \$1 for an upper berth and twenty-five cents extra for a lower berth for 300 miles, with an increase for longer distances.

A BILL is pending in the Legislature to amend Kentucky statutes so that no child can be sent to the House of Reform on mere complaint of parents or guardian, but a charge or conviction for some offense must be made in a court of competent jurisdiction before a child can be committed to said institution.

A FEW years ago the Legislature made forfeiture of office the penalty for any officer caught riding on a railroad pass. Now it is threatening to fine the railroads in the sum of anywhere from \$500 to \$1,000 if they refuse to allow the Railroad Commissioners transportation. Truly, the times change and men change with them.—Franklin Favorite.

THERE is a disposition this day and time to spend money and energy in memory of dead heroes and lost causes, and pass over the sad-eyed individual hungering for a crust of bread and shivering with cold, half clad. Hero worship is all right, perhaps, but living, suffering humanity should not be pushed aside in the scramble.—Fulton Daily Leader.

WITHOUT stopping to think about it, but few people could name the holidays already on the calendar. As if there were not enough, a member of the Legislature proposes to add another. He wants the birth-day of Gen. Robert E. Lee made a State holiday, and has introduced a bill accordingly. It would be nice for the banks and postoffices.—Georgetown Times.

ONE can hardly pick up a paper without reading that a raid has been made upon somebody's sheep by somebody's dog. A zealous member of the Legislature has introduced a bill which might reduce the frequency of these raids, if it did not put a stop to them entirely, but the chance is that it will never see the light. The bill provides for a tax on dogs, the sum realized to be placed in the county treasury to be paid out to the owners of sheep killed by dogs. The Legislature is dot much on passing dog laws; that is, laws to put tax on dogs. More than one Legislator has come to grief and failed of re-election on account of his advocacy of a dog law.—Georgetown Times.

## You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care should be exercised in the election of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combatted. Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

## Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Greens August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at W. T. Brooks'. ## Confederate Notes.

Gen. James Longstreet, one of the famous Confederate Generals of the South, will be placed on the payrolls of the Government, with the rank and pay of a Major, providing the bill of Senator Morgan, introduced a few days ago, becomes a law.

Under the sod of the little graveyard, a mile west of Perryville, four hundred and eighty confederate soldiers are "sleeping the sleep that knows no waking."

The Legislature four years ago appropriated \$400 for the purpose of beautifying the cemetery and at the same time appointed a board of comrades to look after the last resting place of those valiant sons of the South.

Boyd county's representative in the General Assembly, last Friday introduced a bill in the House, appropriating \$2,000 more toward further improving the graveyard.

An exchange says "the Daughters of the Confederacy constitute the swellest organizations in Kansas." And they are the best people everywhere. Their fathers were the flowers of the earth, and they are worthy offsprings of the noblest a bravest band, now fast disappearing from the world they made better and grander by their noble achievements and sacrifices.

## A WORTHY SUCCESSOR.

"Something New Under The Sun."

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and also wonderfully quick to relieve HAY FEVER or COLD IN THE HEAD.

CATARRH when neglected often leads to "CONSUMPTION" — "SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent postpaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. H 612, EDWIN B. GILES & COMPANY, 2280 and 2332 Market Street, Philadelphia.
